## IN THE BASEBALL WORLD.

GANZEL A SAMSON WITH THE STICK, AND NEW YORKS WIN.

New York Americans Now Have Clear Title to Second Place, as Philadelphias Are Beaten by Bostons-St. Louis and Detroits Victorious in the West.

The New York Americans yesterday made their title to second place clear by beating Washingtons while the Philadelphias sere losing in Boston. In the West St. Louis beat Chicago and Detroit beat Cleveland beat Chicago and Chicago and tied Philadelphia. Detroit also passed Chicago and tied Philadelphia. Detroit also passed Chicago.

was an exceedingly small proportion of hits that were wasted by the new York Americans yesterday. The hitting was clean nis that were waster to be the work and businesslike, and of the eleven safe clouts, all but two helped in the run getting. It was stick work of the most profitable kind, and the Washingtons met with their daily downfall, although their game was a big improvement on their other two here. It was a lively, snappy and interceting game. John Ganzel had his bat and his eye working in harmonious and effective accord. His hickory was attuned to smashing deeds. The second time up he hammered the ball over the left field fence for a home run and joined the Chesbro-Bradley chapter of the Society of Samsonian Swipers, Chesbro and Bradley having preceded Ganzel in lifting the leather into the sylvan realms beyond the bulwark. The next time up Ganzel was content with a single, and the next time he hat to the centrefield fence for a two bagger of extra long proportions. Fultz and Elberfeld also batted well.

The Sepators brought out a young left.

Id also batted well.

The Senators brought out a young leftmid pitcher named Jacobsen, and a very
rely pitcher he showed himself to be. He
thered the New Yorks a good deal in the
st half of the game, and it was not until
e eighth inning that the New Yorks got a
dd that could be considered safe. Eight

ast three innings, and then they made up for lost time.

Each side made a hit and drew a base on halls in the first inning, but second base was the nearest each came to the plate. Anderson ran away out for Selbach's fly in the second inning, and that was the nearest approach to getting a base for Washington in that inning. There were two out in the third inning when Fultz walked on four balls. Fultz scampered to third on a wild pitch, and from there scored on Keeler's grounder past second base.

The Senators evened up the issue in the fourth inning. Four balls sent Selbach to first base. Coughlin hit to Ganzel, who touched first, but overthrew in trying to double up Selbach at second. Selbach reached third on the misplay, and 'on McCormick's hard drive he came in. Ganzel made up for his miscue when New York came to bat br his home run.

hard drive he came in the sixth inning for his miscue when New York came to bat br his home run.

Eiberfeid hit so far in the sixth inning that, though still lame, he reached third hise. Williams brought him in with a sharp single. Anderson forced Williams, and Ganzel hit safely again, but blundered on the bases by running Anderson off of third. Kleinow's base hit, Chesbro's sacrifice and Fultz's rap to left gave the New Yorks a run in the seventh inning. Singles by Elberfeld and Anderson and Ganzel's two-bagger coperated to evolve two runs in the eighth inning. Ganzel batted in three tallies in all, and as that was New York's margin of victory, Ganzel was a most useful member, despite his mistake afield and his mistake afoot.

despite his mistake aneid and his mistake afoot.

Good work on fly balls was done by Anderson and Fultz in the last balf of the game, and in the eighth inning, Chesbro made a step of a liner from Selbach's bat that would have bored through him had he not got his hands in front of it.

The Washingtons spurted in the ninth inning. Coughlin singled and Unglaub made a low throw to second of McCormick's force hit. Stahl filed to centre, but Eittedge hit safely and brought in two runs. Four balls were handed out to Drill, at which stage Chesbro settled down, and the next two batters were soon disposed of. The score:

DETROIT, May 4.—First Buseman Carr won the game from Cleveland this afternoon when he cleared the bases in the fifth inning with a cracking three-bagger, leaving the score 3 to 2. Hickey, the Cleveland's lefthander, lost control in the fifth inning and filled the bases. Joss was called in to save the day, and before he got into his stride Carr straightened out a curve for three bases. The score:

NEW YORK (N. L.), 11; BOSTON (N. L.), 3. BOSTON, May 4.—The New Yorks wore their batting togs out to the South End grounds this aftermoon, and, after driving Willis to the stable at the end of the second inning, they got after Fisher in the seventh and drove the ball out safely three times, scoring five additional runs, with the aid of errors. McGinnity, who twirled for the visitors, kept the hits well scattered, except in two inplies.

errors. McGinnity, who twirled for the visitors, kept the hits well scattered, except in two innings:

Devlin opened up on Willis with a safe drive to right. McGann hit to left and Mertes brought the third baseman home with a fine double to centre field. Dahlen hit to centre for one base and two more runs came in. In the second inning Gilbert hit to left field. Warner sacrificed. McGinnity hit to Delehanty, who tried to run Gilbert down between third and second, but failed. Browne best out a slow grounder and Devlin brought in two runs with a single to left field. McGann hit to Willis and Delehanty tagged Browne out. Mertes hit to centre field for a single, scoring Devlin. Mertes was nailed trying to steal second.

For Boston, Raymer drew a pass in the second inning and went to second on McCormick's muff of Cannell's fiy, the latter batting for Willis. Geier walked and Tenney forced him at second, Raymer coming home on the play. Carney hit to McGinnity and was out. The visitors did nothing with Fisher until the seventh, when Browne opened with a bunt and Delehanty threw wide. Devlin drews pass and McGann was safe on Fisher's fumble.

Mertes drove one at Delehanty and the

drew a pass and motann was sale on risher's fumble.

Mertes drove one at Delehanty and the ball bounded from his shoe, Browne scoring. McCormick hit for two bases to right field, scoring Devlin and McGann. Dablen fanned. Gilbert bunted to Fisher and Mertes was safe at the plate after a great slide and a poor throw. Warner singled, scoring McCormick. McGinnity struck out and Browne hit to Tenney.

Boston got a run in the fourth on a double by Moran and Geier's single. The locals scored again in the seventh on a single by Abbaticchio, Delehanty's double and a drive to Dahlen. The score:

M'CHESNEY LEFT AT THE POST

BIG MAC" NOT READY WHEN THE BARRIER GOES UP.

Crowd, Having Made Him a Favorite, Howis in Disapproval-Collector Jes sup and Austin Allen Win for McGinnis -Sydney Paget's Colors Twice in Front.

All six favorites were defeated at Jamaica yesterday, although every winner was wel supported. It was perfect weather for retaway" day and another crowd of 12.000 racing enthusiasts enjoyed the sport, which was at all times intensely interesting. The "walk up" system of starting received a stag-gering blow when E. E. Smathers's McChesney was left at the post in the handicap at six furlongs. It was "Big Mac's" first appear-ance of the season and though he packed 126 pounds, the public made him favorite at 9 to 5, J. Boden's Rosetint closing at second in favor at 7 to 2, with Jack Mcdinnis's entry, Collector Jessup and Sweet Alice, third in

demand at 9 to 2.
Starter Cassidy released the barrier after a short delay when MoChesney was a couple of lengths behind the alignment, turned sideways. Hildebrand had absolutely no im gallop behind the others while the crowd howled in disapproval. Collector Jessup on the other hand, was off running and at the turn he had six lengths over Rosetint who was away slowly. In the stretch Burns eased Collector Jessup up, winning by a length and a half from Rosetint, who was the same distance in front of Fustian, 20 to 1. The time was 1:13.

Reszke, second choice, in the Corona Stakes at a mile and 70 yards, the son of Lamplighter winning by a neck in 1:45 2-5. Silver Days, Jack Ratlin and the favorite, Florham Queen, were the leaders at the head of the stretch, where De Reszke came from behind on the outside. Burns crowded through with Akela at the last sixteenth pole, jamming Florham Queen to the rail, where she stumbled and fell fifty yards from the wire. Akela, who finished second, was promptly disqualified by the stewards and Burns was fined \$200 for as flagrant a case of rough riding as has been seen on a racetrack. This ruling gave the place to Silver Days, with Jack Ratlin third.

E. E. Smathers's Witchcraft, 18 to 5 second choice, made all the running in the first race at six furlongs, shaking off King Pepper as had to drive her hard to win by a neck from Shrine, the favorite, who closed gamely and was two and a half lengths before Scho-

harie, third choice.

Jack McGinnis's Austin Allen, 8 to 1, showed the way in the second event for maiden two year olds at five furlongs, winning in a gallop by three lengths from Penury, the favorite, who got away poorly. Only One, 8 to 1.

was a poor third, beating Tommy Waddell a head. The time was 1:01 3-5. In the fifth event, for two-year-olds at five furlongs, Red Reynard was left at the barrier. Sydney Paget's Clover Hampton, 10 to 1, had speed to burn, showing her heels to the others after the first furlong and winning in a drive by a length from Muozon, the fa-vorite. The latter beat First Born, 5 to 1, by two lengths, in spite of the fact that Burns had Frank Farrell's colt under the whip from the turn. The time as 1:02 1-5.

-Applications and Licenses. A meeting of the stewards of the Jockey Club was held in the offices of the club last evening. There were present August Belmont, James R. Keene, J. H. Bradford, F. R. Hitchcock, H. K. Knapp, F. K. Sturgis and Andrew Miller. Mr. Belmont presided.

The assistant secretary was instructed to notify C. J. Fitzgerald and Mars Cassidy to start from a standing start with the horses lined up close to barrier.

In the last two days enough heavily played choices have been left at the post to wamant an immediate change. There is little doubt that the racing public will welcome back the flat-footed start, which gave satisfaction and created a feeling of confidence on all sides. Starter Fitzgerald will resume work at Morris Park to-day. The horse Hans Wagner was reinstated to race on tracks under the jurisdiction of

the Jockey Club. Frank Sale, who raced on outlaw tracks was reinstated. The application of Harry Wilson, suspended at Saratoga in 1902, for a jockey's license, was denied as was the application of S. C. Hildreth for a trainer's license also the application of W. B. Sink, Sr., for

a trainer's license. The following licenses were granted: Trainers A. E. Gates, H. J. Perry and F. A. Savage; jockeys Albert Allen, Lucien

Lyne, D. D. Palfry and James Rooney. GOSSIP OF THE RACETRACK.

E. E. Smathers and His Friends Win Heavily With Witcheraft. E. E. Smathers did not bet on McChesney resterday, but he made things hum in the ring when his Horoscope filly Witchcraft won the first race. While the horses were in the paddock a story was circulated that

Witchcraft had a bad leg and would not do. Mr. Smathers was on hand with his friends early and when the layers quoted as much as 6 to 1 against Witchcraft, her owner's commissioners got busy.

It was reliably reported that Mr. Smathers wagered all of \$2,500 on Witchcraft, while his intimate associates followed suit. The men got wind of the play and soon the filly was in such demand all over the ring that her price was hammered down to 13 to 5, practically on even terms with the favorite,

Shrine. Witchcraft's dam, Queenston, is a full sister to Kingston, being by Spend-thrift out of Kapanga. She is also the dam of Jere Dunn's race mare Ivernia.

When McChesney was left at the post Mr When McChesney was left at the post Mr. Smathers was anything but pleased. He had come to the track particularly to see "Big Mac" run, as Trainer Frank Taylor had informed him that the son of McDuff was nearly ready. When Jockey Hildebrand returned to the paddock he told Taylor that the barrier was let go when McChesney was half turned to the chird the other horses and was not in motion. sehind the other horses and was not in motion. Several persons who were at the post said that Hildebrand did not think that the start was a go and pulled McChesney in behind the field. But whether Starter Cassidy or the boy was to blame matters not. There was an out-break from the crowd that showed unmis-

takable dislike for the present system of Burns, in addition to riding three winners yesterday, ran second with Akela, who was disqualified, and third with both Schoharie and First Born. His foul riding on Akela, however, brought forth a storm of censure the saddle for some days.

Jack McGinnis's luck continues. He had big bets on Austin Allen and Collector Jessup, who won for him yesterday, and would have had a remarkable day of it if Schoharie had taken the first race. King Pepper who ran neck and neck with Witchcraft to the head of the stretch in this race, was Farrell stable.

John E. Madden thinks his three-year-old Pulsus, who was a high class colt last season, has a fighting chance. moons and if Pulsus wins it will be the result of the most careful preparation.

A. Featherstone's Ingold has been kept pretty well under cover by Julius Bauer, who may let Higgins take the mount. Newton Bennington's Beldame, winner of the Carter Handicap, picks up a four pound penalty. Frank O'Neill, who was injured at Jamaica yesterday, will be unable to ride her, which in itself is a handicap hard to overcome. Cormack, one of the best of the new crop of riders, was talked of yesterday as the probable riders, was talked of yesterday as the probable jockey. Mr. Bennington predicted victory some time ago with the statement that, in his opinion, Beldame is the best three-year-old in training just now. He leased her from August Belmont for two years last fall. W. L. Oliver's Lord Badge, with 98 pounds, is thought to have an outside chance.

The Thomas-Shields combination will be represented by the three-year-old Stalwart, who was purchased at a sale of the late W. C. Whitney's horses last summer for \$12,000.

Whitney's horses last summer for \$12,000. Stalwart showed sterling racing calibre before the season closed and is said to be a dark horse. H. Phillips, the regular stable jockey, can make the weight and will wear the gray nother good three-year-old, will be ridden Walsh. He carries a feathery impost. R. H. McCarter Potter's Damon, a little fellow who can sprint with the best horses, will be piloted by Hildebrand. He has already displayed form that warrants support. "Father Bill" Daly's Illyria, with ninety pounds, completes the list. The entries for the Metro-

BOARD OF REVIEW'S DECISIONS. New York Residents Fall in Application

> The board of review of the National Trotting Association closed the May docket in the Murray Hill Hotel yesterday and then adjourned. The last business was the election of officers for the coming two years.
>
> L. J. Powers of Springfield, Mass., was reelected treasurer. This makes his fifteenth
> consecutive election, and should be live to complete this term of service it will out thirty years that he has held the

for Clemency-Officers Reclected.

W. H. Gocher was reelected secretary, which is his fifth renewal of service. is his fifth renewal of wervice.

Several residents of this city figured in the applications for clemency which the board did not grant. Jeremiah Murphy, who was expelled in December, 1897, for starting the mare Charter, by Onward, under another name and out of her class, made a strong appeal to have the ban temporarily removed, but his request was not granted.

Barney Demarest also was brought into trouble in connection with Murphy's misfortunes under the rule which requires a nominator in a race to give the name of the owner of a horse when requested by the judges or by the association offering the stake. It appears, according to the evidence, that Demarest entered and drove the mare Volo Maid while she was owned by Murphy, who was under expulsion.

This made Demarest liable to punishment, and the board ordered that he be suspended until the unlawful winnings were returned and a further penalty of a fine of \$50 for the infraction of the rules. Demarest also is to have a hearing later in regard to racing the trotter Charley Stiles, 245%, whom Murphy drove for at least a year on the Speedway and which Murphy says was his property at the time Demarest drove the horse in his races.

and which Murphy says was his property at the time Demarest drove the horse in his races.

A case that shows the vigilance of the association was in regard to the trial and conviction of P. J. Brennan and William Myers both of Salem, Ohio. Brennan as owner and Myers as driver campaigned the bay pacer P. J., and gave him a record of 2:17%. The combination had taken the pacer to the big meetings as a horse eligible to the slow classes, and he had paced a losing heat in 2:13, which was not fast enough to make him dangerous. The identity of the horse as now established shows that he is an old offender and that he has been caught and identified and expelled at different times as Scrapper, Harry A. Walnut, and Rexmont before reaching the present owner, who was yesterday put under expulsion. As Scrapper, the horse obtained a record of 2:0%, and when he wound up as Rexmont the record under that name was 2:18%. Then he was used as a road horse and dropped out of sight until the owner died and Brennan bought him and gave him the fifth change of name and a record, as P. J. of 2:17%.

A ruling by request that is of vital interest to many owners was made under Rule 2. Section 9, which states that a nominator is able for entrance on each horse entered in a purse race or stake. Some associations as an added attraction to get nominations, have advertised that an owner might nominate more than one and be required to make full payment only on his final selection for the etart.

The board ruled that Rule 2 Section 9 can-
